

OPEN & SHUT: Open Your Mind (Week 4)

Clint Craig – 9 December 2018

Discussion and Questions:

1. What is the best tip you've been given about money?
2. Do you work a plan with your finances? If so - how do you stick to it? and Monitor it? If not - what is stopping you from doing so?
3. Why do you think it is so hard to avoid debt in our culture?
4. Did Clint's graphics help you see the power of staying out of debt in order to build financial margin? Do you agree with what Clint said? (Proverbs 22:7 is good here, and you could ask about how being in Debt makes you a slave).
5. Would you say you are a hard worker? Why?
6. What is something you can do with your finances to show God you trust Him?

Remember Ecc 11:4 says 'If you wait for the perfect conditions, you'll never get anything done'
